Dear friends,

We hope this message finds you healthy and well. As you can imagine, the last month has been yet another challenging one at the hospital but we are looking ahead to 2022 with plans of reactivating some of our outdoor events, namely TeamWalk for CancerCare and the Lowell General Hospital Golf Challenge. We are also launching some smaller events such as our Women’s Wellness series (we would love you to join- please see information below) in the hopes of reconnecting with our donors and community in the spirit of good health.

Please know how much your support is felt and appreciated. We are grateful to have such wonderful partners as you.

Best,

[Signature]

Director of Development
Lowell General Hospital
295 Varnum Avenue
Lowell, MA  01854

Manager of Volunteer Services
In the halls of our hospital, we often say that pandemic response is a team sport. And while we have relied on the talent, commitment and resilience of our entire team, we have also leaned on our community, and you have been there for us every step of the way. We would like to extend our deepest appreciation to the countless members of our community who supported Lowell General Hospital with a year-end donation. Your support during these challenging times makes a tremendous impact on our staff and the patients we serve. The pandemic is not over, and we continue to face challenges that test our strength and resilience. But this past year we have learned that there is little this community can’t accomplish when we come together.

Congresswoman Lori Trahan Spreads Holiday Cheer

We were so pleased to host U.S. Representative Lori Trahan
express her deep appreciation to our staff for their hard work and arrived bearing boxes of delicious cookies. These treats put smiles on the faces of our Intensive Care Unit teams and we are so grateful to Rep. Trahan for her support. If you are interested in sponsoring a meal or treat delivery to one of our clinical teams, please contact philanthropy@lowellgeneral.org.

Thank you to the Saab Family Foundation

We are pleased to announce that Lowell General Hospital is the recipient of a 2021 Saab Family Foundation grant. These funds will support our Mobile Integrated Health program, providing important in-home care for some of our most at-risk patients. Thank you!

Element Hotel Donation

Lily Montanez of Element Chelmsford
A heartfelt thank you to Element Chelmsford for generously coordinating a Christmas toy drive to support our Pediatric patients. Element Chelmsford shares, “We are always happy to support our community and hope these toys will lift the spirits of young patients staying in the hospital over the holidays.” This donation had such a positive impact on patients and their families and brought so much joy!
Please join us in thanking the Tyngsborough Fire Department for their generous donation of $2,789 through the sale of pink patches for the month of October. This generous donation will make a huge difference in the lives of cancer patients in our community.

---

**Donor Spotlight: BAPS Charities**

Since the onset of the pandemic, our incredible community has rallied around us and supported us in countless ways. We've appreciated getting to know so many new individuals, businesses and community groups who have all been inspired to give back to Lowell General Hospital. Our friends at BAPS Charities were one of the first to respond to the needs of our hospital in the early days of the pandemic. BAPS Charities is a global charity active in nine countries across five continents who aims to express a spirit of selfless service. The local BAPS organization donated critical personal protective equipment as well as made delicious samosas to treat our hardworking staff. Most recently, in response to the increase in COVID-19 cases throughout the region, representatives from BAPS presented us with a $2,500 check for COVID-19 Relief. We are so grateful for their generosity and hope you will join us in thanking them for their support.
Throughout 2022, the Philanthropy Team at Lowell General Hospital will host events to bring awareness to key issues that women may face with their health and wellness.

This month we will be talking about the importance of finding and having a Primary Care Provider.

Featured speakers are
Paulino Tsirigotis, M.D.
Karen Poushter, FNP.
