

Please note:
eClinicalWorks Practices that do not receive automatic compendium updates from the eHub should update their compendiums
You may use a different order_description but you must use the exact Order_code for the lab code, and the exact Result_Code
If the order code values are not exact, your eCW system will not order or result properly
For questions or assistance with this compendium in your EMR please call the Circle Health Helpdesk at 978-9376445
