As partners in your cancer journey, we are fully aware of the financial and emotional hardships a cancer diagnosis brings to you and your loved ones.

At Lowell General Hospital, we believe that facing financial burdens due to cancer should be no reason to prevent loved ones from getting together and sharing a cherished moment. Making a memory together can strengthen relationships while providing a needed respite from the challenges of cancer.

Thanks to a special grant made possible by our generous walkers, sponsors, and volunteers, Team Walk for CancerCare would like to help make this memory happen.

TeamWalk would like you to create a special memory by providing funds for:

• A fun night out on the town
• A day trip into Boston
• A special girl’s or guy’s night out to a favorite restaurant, concert, theatre, or sporting event
• A visit to the beach, or
• Whatever venue and location you choose to make a special memory with loved ones

Make a Memory

As partners in your cancer journey, we are fully aware of the financial and emotional hardships a cancer diagnosis brings to you and your loved ones.

At Lowell General Hospital, we believe that facing financial burdens due to cancer should be no reason to prevent loved ones from getting together and sharing a cherished moment. Making a memory together can strengthen relationships while providing a needed respite from the challenges of cancer.

Thanks to a special grant made possible by our generous walkers, sponsors, and volunteers, Team Walk for CancerCare would like to help make this memory happen.

Guidelines:
Patients must live in Massachusetts or New Hampshire, and currently be in active treatment. Physician verification will be required. Grants are awarded once to a family, and families will be asked to share their special memory stories with Team Walk supporters. This program is intended to help patients connect with family and friends, and unfortunately cannot grant these types of memory requests: cash, reimbursement for completed memory trips, legal assistance, auto repairs/rentals, property improvement/repairs, funeral arrangements, or dental work.

To apply for a Make a Memory Grant, write a letter detailing your ideal day, the estimated expenses for the day, and why your family should be chosen to receive this special grant.

Submit your Make A Memory request in writing to:

Meg Lemire-Berthel, MSW
The Cancer Center at Lowell General Hospital
295 Varnum Ave., Lowell, MA 01854

Recipients will be notified of grant funding. Please note that grants awarded over $600 will be subject to federal and state taxes and recipients will receive a 1099 form.
