

# Patient Pathology Consult Program

Lowell General Hospital, Main Campus

Women's Wellness Center, 3rd floor Mansfield Building

## Program Hours

Tuesdays

1:00 – 4:00 pm

## Appointments

Patients can make their own appointments, or physicians can refer patients by calling the Pathology Department at **978-937-6341** (x76341).

For additional information, contact Dr. Lija Joseph at [Lija.Joseph@lowellgeneral.org](mailto:Lija.Joseph@lowellgeneral.org).

Tufts Medicine Lowell General Hospital offers a collaborative service from our Pathology Department to enhance physician/patient communication. All patients who have undergone a biopsy or other laboratory testing will have the opportunity to review their pathology images and results in a private clinic setting with a board certified pathologist.

Dr. Lija Joseph will see patients along with members of her pathology team. The patient's primary healthcare provider or referring specialist will be notified of the patient request, the date and time of the consult, and have the opportunity to be present during the consultation in person or via video call.

Clinics are equipped with a microscope, camera and large screen TV. Appointments are 30 minutes in length, and in most cases covered by insurance. Please check with your insurance provider if any co-pay is required. The out-of-pocket fee without insurance is \$80.

## About Dr. Lija Joseph

Dr. Lija Joseph is the Chief of Pathology and the Medical Director of Pathology and Laboratory Medicine at Lowell General. She is board certified in Anatomic and Clinical Pathology and in Hematology by the American Board of Pathology. She is also an Adjunct Associate Professor of Pathology and Laboratory Medicine at Boston University Chobanian and Avedisian School of Medicine and Tufts University School of Medicine.
